 $2x$ 

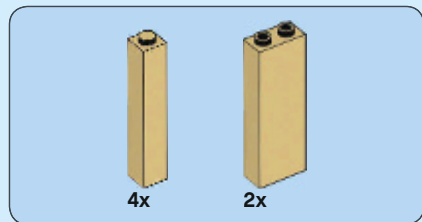

This image shows a completed LEGO Technic assembly, likely a motor or a pump mechanism. It features a long, light-colored Technic beam as the base. Four vertical axles are mounted on the beam, each with a different colored connector (red, blue, yellow, and grey). The assembly includes various gears, connectors, and a small motor or pump unit at the end. The overall structure is compact and functional, designed to fit within a specific volume.
